Keep them covered for less with the Horizon Dental PPO Access and Horizon Dental Companion Plans

If the economy has you shopping for more affordable dental coverage for your clients, the Horizon Dental PPO Access and Horizon Dental Companion plans are the affordable options you're looking for.

Both plans start under $10.00 per month* for a single individual, and offer real benefits that your clients' employees will use and value.

In Network: Both plans cover frequently needed, eligible preventive and diagnostic services, such as exams, cleanings and X-rays, as well as amalgam (silver) fillings and space maintainers, at 100 percent. For eligible remaining basic services and all major or specialty services, such as root canals, crowns and bridges, members pay only a reduced Horizon Dental PPO Plan allowance to participating dentists. There is no annual deductible, no annual maximum and no wait period for major services.

Out of Network: Both plans allow members to use nonparticipating dentists for certain eligible preventive and diagnostic services, however, they may have to pay for any charges above the Horizon Dental PPO Plan allowance, pay dentists at the time of service and submit claims for reimbursement. There is no out-of-network benefit for major or specialty services.

So, before your client considers moving or eliminating their dental coverage, tell them about the Horizon Dental PPO Access Plan or Companion Plan.

Please contact your Horizon Dental Sales Representative for more information.

* PPO Access rates determined by group size.
