New health care solutions for the small employer market

While the economy continues to have challenges, doing business with us continues to have its advantages. We are dedicated to providing your clients with product options that meet their health care needs. We are pleased to announce that our Horizon HMO Access HSA product, the Horizon Advantage suite of products and two free-standing pharmacy plans have been approved and will be effective August 1, 2009.

These new plans increase affordable alternatives and support your retention efforts amidst our changing economy. In addition, our new plan designs provide your clients and their employees with a large health care network and a suite of cost-effective price options.

HMO Access HSA highlights:

- Horizon Blue Cross Blue Shield of New Jersey's lowest cost health savings account (HSA) plan.
- Choosing a Primary Care Physician (PCP) is optional. Members may self refer to in-network specialists.
- *Medical* - Members meet the HSA deductible and are only responsible for copayment amounts.
- *Prescription* – CDHRx is built in. Members do not have to pay upfront for pharmacy costs. After members meet the deductible, they are responsible for 50 percent coinsurance.

Horizon Advantage plan highlights:

- Higher out-of-network cost sharing to control escalating out-of-network costs that are separate from in-network deductibles.
- Higher maximum out-of-pocket (MOOPs) limits out of network.
- Benefit maximum of \$2,000 on out-of-network Ambulatory Surgical Centers (ASCs) (see attached list of in-network ASCs)*.
- Only freestanding prescription benefits available.

Pharmacy plan highlights:

- Three tiers of covered medication determine copayment versus coinsurance.
- Formulary-based.
- Retail and mail order options.
- Copayment maximums (\$125 – brand drugs; \$150 - non-Preferred drugs).
